Re: Last Chance Mine, Western Clay Company, M/015/061 Emery
County, Utah.

Atten: Mr. Lynn Kunzler
(Reclamation Specialist)

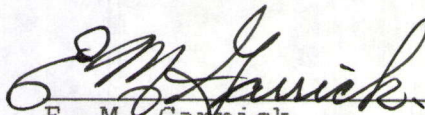

Gentlemen:

This letter is in response to Mr. Kunzlers letter dated November 30, 1994, requesting a post-mining land use of the area. We also have mailed a complete duplicate packet of data that we have submitted to D.O.G.M.

When the report was written the B.L.M. office was called and we requested a land use document of the area in which we were making our application. Mr. Simmons was not in the office. However, we were informed they would mail me the information. After presenting the submittal, Mr. Simmons called and said there was no designated land use and it was classed as a limited grazing area. I have changed the language in the document we have mailed to Mr. Simmons.

As per my telephone conversation with Mr. Kunzler, it was requested we should add 100 lbs., of triple super phosphate to each acre of our reclamation. We will add this in our reclamation plan.

Sincerely,

E. M. Garrick

Ref: Last Chance Bentonite - 3809 (UTU-698621) (UT-067)
Permit Application.

Atten: Mr. Neil A. Simmons
Area Manager

Gentlemen:

Enclosed is a complete packet of data and correspondence between Western Clay Company and D.O.G.M. It includes maps, letters, and other data pertaining to our process for obtaining a mining permit on the Last Chance Bentonite.

On March 31, 1994, we received a letter from Mr. Neil A. Simmons requesting additional information. This information was the result of a preliminary report Western Clay had submitted to D.O.G.M. This data had been mailed to Mr. Simmons from the D.O.G.M. office. It was only preliminary and not intended to be a final submittal.

In addition to the letter from the B.L.M. office we received a letter from D.O.G.M. also requesting additional information. Enclosed is this letter and its response from Western Clay. We believe the data enclosed responds to most of the items you included in your letter.

If additional information is needed from the B.L.M. office please let us know and we will attempt to respond. We want to have all requested items complete so we can submit our final plan.

Sincerely,

E. M. Garrick
